

# ATTN: ELDERSBURG

Hi. Large ("Big Box") stores are like weeds. Left uncontrolled, they'll take over your entire yard.

A little Big Box store commercial development here, some more there. The next thing you know, you're living in what amounts to a giant strip center. If that's why you moved to Eldersburg, because you like concrete and waiting in traffic, your dreams are about to come true.

On the other hand, if you believe in intelligent, responsible development that respects the investment you've made in your home and community, you need to attend **Commissioner Doug Howard's Town Hall Meeting**.
